Motion Mr. Nolan, seconded by Mr. Pilgreen to approve the minutes of the July 5th, 2022 meeting. Motion carried unanimously.

A brief discussion was held regarding the purchase and/or leasing of front load garbage trucks. Rear load garbage trucks are currently being used. There are many more options when looking for a front load garbage truck and the front load trucks seems to be the way of the future. The front load garbage trucks will hold more garbage and will only require a driver. The pickup process is much easier and quicker. Mr. Pilgreen suggested making certain cites front load until the entire fleet and dumpsters can be updated with front load trucks. Mr. Bridges suggested reconvening in a couple of weeks after further information is gathered. **No action taken until further research can be done.**

Mr. Davidson asked about the possibility of repairing the transmission for the off-road truck. Mr. Davidson also asked if repairing was not an option would he be able to rent an off-road truck. **No action taken.**

There being no more business to come before the committee, Mr. Bridges declared the meeting adjourned upon motion by Mr. Nolan and duly seconded by Mr. Ramsey on this the 2nd day of August, 2022
