LANDFILL COMMITTEE
MINUTES OF MEETING
October 13th, 2026
5:00 P.M.

Present: Ben Bridges, Brenda Abercrombie, Mike Holley and Nathan Pilgreen. Absent: None. Also present: Glenn Hutto, Russell Wade, A.J. Ford, Jr., Curtis Moses, Milas Davidson, and Danielle Harkins.

There were no public comments on agenda items.

Mr. Bridges called the meeting to order. Mr. Holley led the group in prayer.

Motion Mr. Pilgreen, seconded by Mr. Holley to approve the agenda as written. Motion carried unanimously.

Motion Mr. Pilgreen, seconded by Mr. Holley to approve the minutes of the September 8th, 2026 meeting. Motion carried unanimously.

The Committee briefly discussed a charge account application submitted by Southern Fabrication & Welding, LLC, located in El Dorado, Arkansas. It was reported that the company delivered approximately 222.94 tons of waste to the Union Parish Landfill during the month of September. The company currently maintains a credit card on file and has requested the establishment of a charge account. Following discussion, and in consideration of the company's out-of-state location, the Jury took no action on the request.

Mr. Bridges stated that he had requested two sets of specifications from Assistant Landfill Superintendent Alan Ates; however, both sets of specifications were not provided as requested. The matter will be discussed at a later date. No action was taken.

A brief discussion was held regarding the acquisition of a bush hog for the Union Parish Landfill. Mr. Bridges expressed uncertainty regarding the type of glass currently installed on the Kubota and stated that a polycarbonate glass door would provide a significant benefit. Following discussion, the matter was deferred for further consideration at a later date. No action was taken.

There being no more business to come before the committee, Mr. Bridges declared the meeting adjourned upon motion by Mrs. Abercrombie and duly seconded by Mr. Pilgreen on this the 13th day of October, 2026.

Ben Bridges, Chairman
Paula Strickland, Secretary/Treasurer
